

BORN GREAT, DIED A GENIUS; It is HIM Among a Few

Senator Atijosan Micheal Onunkun (OON), was a great politician, astute Local Government administrator, an accomplished entrepreneur and an embodiment of courage and bravery.

Senator M.A Onunkun was a self confident and self assured personality. Baba had never been daunted by circumstances, not even fazed by negative realities, whenever he resolved to execute any developmental project. This indefatigable senator always held firmly to whatever he believed in, and committed to all his set goals.

The late sage was a distinct leader of men, in an age when leadership is oftentimes associated with the arrogance of power.

In his days as a politician, Senator Onunkun was a torch bearer to the democratic minds; always advocating for peace, justice, equity, societal freedom and development.

Baba loved all his children with unwavering passion and took proper care of them till the end. Indeed, there is no volume of praise that is adequate for this great man.

We thank God for his Grace and mercy upon his life. O d'owuo o Baba .
