

TRIBUTE TO BABA.

Time and season in the life of humankind is inescapable. No matter how much we try to we prevent it, it will surely come.

Dad, your demise is a colossal loss to us because you were a good role model, disciplinarian, advocate, and protagonist. Now we can proudly say that you left footprints in the sand of time.

Dad spent a great deal of his life on earth impacting and investing in the lives of his children and other people. He knew he had a gift and didn't hoard it, but like a grain of wheat, he sowed it in the lives of others. We are witnesses to just how much fruit this noble investment has yielded.

History will always remember Dad for the key role he played in transforming the world in his time. He left an indelible mark for the generation yet unborn to see and applaud. What a legend!

He would be greatly missed by us all. Adieu Baba Senator Onunkun.
