

Baba was an exemplary figure in Ikalaland as a whole. A pacesetter and a trailblazer in the affairs of life. Humble and easygoing. He succeeded in giving quality education to all his children as their lifetime inheritance rather than accumulating properties. He served his community meritoriously in politics with a national recognition of OON. He showed love and affected the lives of many young and upcoming youths by way of giving unique counselling on the right path of life.

Also, he invested much in charitable works in his immediate community. He has left great marks of achievements on the sand of time.

Though he is gone to glory, his spirit of love and affection for mankind will always remain indelible in our heart for life.

Adieu Baba. May his gentle soul rest in perfect peace. Amen.
