Beautiful edifice. Congratulations. What started as an idea is now real on ground for the use of generations to come.

21:34

Beautiful indeed. A worthy sacrifice for posterity.

Sef's words:

"... he's doing something tangible with all that money he stashed in the banks, very commendable indeed. I am very proud of that good judgment he made to build and donate the building to a major institution in our community."

I am very proud of him too for this gesture.
It is better than just starching money in bank that inflation will erode away sooner than later.
